

**O**ne of the most effective hunting methods in the world is the use of bait.

Bait brings your prey to you or to a trap. Animal hunters use bait to lure bear, deer, wolf, ducks, fish and rats.

Human traffickers use bait to lure woman and children into slavery.

Evil entities use bait to lure people too!

**They're using bait on you right now!**

We can all think of many ways that bait is used to lure people away from salvation such as lust for money, sex, self-importance and false religions. Looking around at the world we can see they're very successful at hunting people with bait.

So how do evil entities hunt Christians?

It's not so hard for them to hunt Christians, as if you've read my book, most people who think they're Christians aren't considered so by God! They're trapped in false doctrines, in false man-made religions, under false leaders, most living in deliberate sin, compromise and unforgiveness, thinking they're OK.

**"For if you forgive men when they sin against you, your heavenly Father will also forgive you. But if you do not forgive men their sins, your Father will not forgive your sins." Mt. 6:14-15**

**T**hese people are caught in death traps.

Some animals are harder to bait and catch than others.

The wolf is very cautious and difficult to bring in, whereas, the mouse is very easy to trick.

So how do evil entities hunt Eagle Christians?

The Eagle Christian is difficult to bait also... but not impossible!

Evil entities examine you, like any good hunter would, to find out how to bring you down.

After all, you are big game to them!

They'll use the "G" bait on you!

The three G's have been known to be very effective... Gold, Greed and Girls/Guys!

If that bait doesn't work, they'll use distraction bait to take you down a false trail so you'll waste time squandering your destiny. They'll use your work, hobbies, family and friends to lure, delay and distract you from God's plans.

This bait can get the job done with the Eagle Christian usually not suspecting a thing!

Using emotional bait lead many down a dead end trail. Eagles become consumed with a form of lust for political, economic, environmental or social ills and issues that they think are important.

A rarely detected form of bait is the one that lures the Eagle to a false destiny.

When an Eagle makes a personal decision to conduct a ministry, battle, intercession, attend fellowship, etc., they have taken God's will out of the plans. This idol bait (self as god) traps many into thinking they're doing right, yet they have decided to follow their will, not God's.

Jesus always did Father's will! **John 5:19, 30/7:18 /12:49-50/14:31, 1 Corinthians 2:13, 1 Peter 4:11**

**If you take the bait, you lose, others lose God loses and guess who wins!**
