

Explorer: a person or thing that explores, esp. a person who investigates unknown regions. (Online Dictionary)

When I was a kid we studied famous explorers in school such as Byrd, Cook, Perry, and Lewis & Clark. Explorers were so famous that many times land, islands and waterways were named after them, such as Baffin Island for William Baffin explorer of the Northwest Passage (Canada) or the Strait of Magellan (South America) for Ferdinand Magellan. Usually the explorer first to arrive in an area planted the flag of his country.

Polar Explorer, Roald Amundsen, planting Norwegian flag at the South Pole in 1911

People are fascinated with explorers and exploration including late 20th century and early 21st century exploration into space and into the depths of the sea.

We consider explorers to be bold, courageous and many think them crazy for taking such risks, as many explorers die in their attempts at discovery and adventure. Although, I never once read about an explorer that regretted what they had gone through. Even through all the hardships, they loved what they had accomplished, and what they had seen and done!

Explorers move beyond the ordinary, beyond the accepted norm, beyond the safety of the herd mentality.

If not for extraordinary explorers we'd still be in the Stone Age thinking the earth was flat!

What about Spiritual Explorers or Xtreme Xplorers (XX)?

Some of the 1st great XXs are Andrew, the 1st Apostle of Jesus, who took the Gospel as far as the Caucasus Mountains (modern day Georgia), Apostle James into Spain, Apostle John throughout Asia, Apostle Thomas to Persia and India and even as far as China, and Apostle Simon (The Zealot) to North Africa, Spain and into Britain.

The Gospel has spread over the entire world by various XXs since the 1st century. In the last 100 years we have such notable XXs as Sundar Singh (1889-1929) into India, Nepal and Tibet, and Smith Wigglesworth (1859-1947) who traveled around the world to Scandinavia, Europe, Australia, New Zealand, USA, South Africa, Ceylon, Pacific Islands, and India.

XX Wigglesworth was a breed of Spiritual Explorer rarely seen since Jesus and the Apostles, carrying miracles, signs and wonders to people who had all but forgot that God is always in the miracle business! Instant healings, deliverance, people raised from the dead, limbs restored followed Wigglesworth wherever he went.

Jesus said, "Heal the sick, cleanse the lepers, raise the dead, cast out demons: freely you have received, freely give." Matthew 10:8

Jesus also said, “And these signs will follow those who believe: In My name they will cast out demons; they will speak with new tongues; they will take up serpents; and if they drink anything deadly, it will by no means hurt them; they will lay hands on the sick, and they will recover.” Mark 16:17-18

Another rare breed of Spiritual Explorer or Xtreme Xplorer was XX Rees Howells (1879-1950), founder of the Bible College of Wales. He took Spiritual Exploration to a level few ever heard of, into the heavenlies, like the great Xtreme Xplorers Daniel, Ezekiel and Elisha had done! Howells did strategic spiritual warfare/intercession in the heavenlies (to defeat Hitler and Mussolini)! Note: His College had free tuition... “freely you have received, freely give”.

In this age of computer and communication technology we have one of the greatest opportunities for Spiritual Exploration imaginable! Instant link-ups, networks, information and communication to and from anywhere in the world! Spiritual Explorer’s like Wigglesworth don’t need to spend thousands of dollars and months on a ship to get to people in other countries! Xtreme Xplorers no longer need to spend a fortune to attend a College to obtain teaching! Writers, like me, no longer need to find publishers that only publish for profit, or struggle with translations, or warehouse storage, distribution, shipping, etc. The Way of the Eagle website and my online eBook is instantly translatable in over 50 languages, available in every country in the world and most important... it’s free!

Like Xtreme Xplorers before me, I have gone into uncharted territories, and come against hostile natives (evil entities). I erect the flag of Christ and bring the Bible message from Father God of what He says He expects of us and also most important, like XX Howells, I teach others how to become Xtreme Xplorers! It’s been a mixture of physical and spiritual realm exploration! One of the greatest challenges of exploration is not moving against evil principalities, powers, rulers of darkness and wickedness in high places (**Ephesians 6:12**) as many would think. I would say that the toughest ground to cover is with those who think they’re Christian (the false Christian). This would be the Mt. Everest for XXs! Very difficult to reach through to those who think they’re Christian. They reject even the simplest of directions from God in His Word, preferring their own doctrines or those of some man-made religion. False christians, encouraging dormant Christians to be explorers, saving the lost, dealing with evil entities, utilizing 21st century technology and more all present wide and deep opportunities for the XX!

I love being an Xtreme Xplorer! There’s nothing the world has that compares! I’ve been to many countries and seen and done many adventurous things, but being an Xplorer for God tops them all!

The eagle is a great explorer. The eagle floats high into uncharted sky, deliberately going into the storm, investigating and hunting into the highest mountains and into the lowest valleys. Always stretching! Always exploring! The eagle needs to do this! Being stationary, being one of the herd or being caged are not acceptable options for the eagle. Neither should it be for any Christian! Be an Eagle of Eagles!

How does one become an Xtreme Xplorer? I encourage you to study and apply the free eBook “Xtreme Big Game Hunting”, the other teachings in the website archive and teachings from other Christian Xplorers. Especially develop your spiritual senses and listen to the guidance and teaching of the Holy Spirit! Be obedient to the Word of God... don’t compromise! Don’t settle for the “herd mentality”. Your Xploration can be in any ministry directed by God, so don’t limit yourself. Be obedient to God. God can and will use you as one of His Xtreme Xplorers! Xploration begins with the first step! Go for it!
