

# Where Eagles Dare

## How to Save a Nation

By Al Collins

In Sector 21 of my eBook I discuss Altars, Structures and Strongholds, both holy and evil.

I've been led to expand on this topic with some more insight to assist those who are doing or want to do Xtreme Big Game Hunting (XBGH) for their nation.

A nation can be dealt with as easily as with a person! (I'm not kidding!)

God seeks someone to do XBGH for their nation!

*"So I (God) sought (hunted) for a man among them who would make a wall, and stand in the gap before Me on behalf of the land (do XBGH for a nation), that I should not destroy it; but I found no one. Therefore I have poured out My indignation on them; I have consumed them with the fire of My wrath; and I have recompensed their deeds on their own heads," says the Lord GOD.*" Ezekiel 22:30-31 NKJV

A nation can be destroyed slowly or quickly by God because of Satan's strategies. Some would say that people destroy nations through war, yet spiritual forces (holy and evil) are behind physical "war machines" to produce physical results.

Many nations of the world today are suffering from civil war, crime, plagues, and economic meltdown. A XBGH must go to God and find out which edge of the sword to use (perhaps both edges)... the edge against Satan and/or the edge to stay God's Hand against the nation (Read how Moses stopped God from destroying Israel in [Exodus 32:7-14](#).)

Satan's forces work to turn a nation away from God, to bring about its destruction. They infect leaders, families, music, entertainment, education, government, and the church body (compromise).

Destruction of Israel in 70 AD by the Roman Empire!

When a human body is infected, let's say a small tumor, we attack it with some cure to end the spread. Ignoring the tumor can lead to cancer throughout the body and to death of the entire body, even the majority healthy portions. If a nation, like a human body, has a tumor, let's say one corrupt leader (Hitler) that is tolerated, the tumor grows worse, cancer spreads and the entire body (land/economy/cities/nation of people) can be destroyed, even the healthy portions.

When a person has a "false-Christianity" (deliberate or in ignorance) or an anti-Christian mind-set (nation=false religions/corrupt government), the evil kingdom has the right and ability to infect it, as the immune system (spiritual power, authority) is down (God's blessings removed or His Hand set against the body/nation). Traumas/accidents (wars), cancer (plagues), job loss (economic woes) come to the body to break it down. The body (nation) will be crippled, experience very poor health and die prematurely... XBGH is needed!

With a person, each (at age of reason) governs their own mind and body...  
they need to alter their mindset to accept salvation through Jesus.

XBGH is used, under God's guidance, weapons, timing, to combat the evil entity(ies) that are set against their minds, as people's minds are blinded from the gospel (2 Cor, 4:4). Once the mind is clear, the person must accept Christ (God) to put into motion the cure process. This process differs with everyone depending on the spread and kinds of infections (i.e. iniquity, unforgiveness, occult activity, sexual activity, traumas, etc.) XBGH again to do deliverance on a person to eradicate evil spirits, mental upsets and physical diseases to bring the body to physical, mental, emotional and spiritual health and strength. The body is brought under God's protection, mercies, blessings, peace, prosperity and life.

A nation is a body made up of many people. Like a body a nation has many organs (government, police, economy, education, religion, arts). Similar XBGH concepts apply for a nation as for one person. Although we see one physical person or government at the head of a nation (mind-set), a spiritual XBGH like a Moses, Elijah, Daniel, Isaiah, Jeremiah, or Ezekiel, has affected the spiritual realm to change nations.

A person has a right to govern their own mind/body (even in a dictatorship they can decide).

One Christian has a right, has the power, has the authority and is still hunted by God  
to "stand in the gap" (Ezekiel 22:31-32) (do XBGH) to save a nation!

As I taught in a lesson months ago, Norway was once a pagan, warring nation that was turned to  
Christianity by one prophecy from a hermit given to King Olaf.

Norway has been a peaceful, Christian nation in prosperity for 1000 years!

Cantons within Switzerland warred with each other until an agreement brokered by hermit Nicolas von Flue, was accepted (no doubt through God's direction) that has kept this country in peace within itself and with and from others for about 600 years, even when it was surrounded by Nazi Germany in WWII!

Once a principality(ies), powers and evil entities are removed from blinding a nation (its leaders/people) from the gospel, infections in organs can be reversed. Think like you're God's doctor for a nation!

If you feel like your faith is too small, try it out in person on a person (deliverance), then in the spirit for a person, then your neighborhood, then city, then nation. If you have grandiose faith, go hunting in the spirit to do XBGH for other cities and nations!

You must be willing. Get and keep yourself right with God. Ask God to show you what to do. You may have to battle certain evil entities in order (as Joshua fought certain battles in order), you may be led to plead with God to hold His Hand of wrath back (like Moses did), you may be led to lead a XBGH team to prevent or stop a World War (like Rees Howells from Wales did against Nazi Germany), you may be led to go Olafing (connect with a world leader leader(s) with a Word from God like the hermits of Norway and Switzerland), you may be led to back up (be a Daniel Nash) to a modern day Charles Finney.

Be patient and persistent with XBGH,  
but always wait and work with God whether for a person or a nation or anything in-between!

If you aren't given weapons or a target, then you don't hunt! Just stay right with God and worshipping, praising and thanking God until He has something for you to do! Be that one that God's hunting for!

**God needs ND's... "Nation Doctors"!**

Good Hunting!
