

CNN, Fox News, MSNBC, World News are the 4 news services that I check daily to hunt for terrorists!

When I find a terrorist activity that peaks my interest, I do a deeper search and study on Google.

We read of muslim terrorists against non-muslims in Afghanistan, Iraq, Somalia, and Yemen.

But these aren't the terrorists that I hunt!

There are also specific terrorists that target Christians in China, Egypt, India, Iran, Malaysia, Nigeria and Pakistan and also in the USA!

But these aren't the terrorists that I hunt!

NATO forces which include Britain, Canada, France, Germany, and the USA, spend billions of Dollars and Euros in wars, clandestine operations and advanced equipment such as drones to hunt down and destroy terrorists around the world!

But these aren't the terrorists that I hunt!

Amnesty International, the UN and the World Court in The Hague spend another small fortune in hunting down terrorists against humanity such as

Sudanese head of State Omar al-Bashir (for Dafur) and former Bosnian Serb President Radovan Karadžić... Amnesty International wanted Canada to arrest former US President George W, Bush during a visit here in October, for authorizing torture in his "war on terror" while he was in office... (FYI... Canada didn't arrest him)!

But these aren't the terrorists that I hunt!

In **Acts 8** we see Saul the Christian hunter genuinely pleased with the murder of Stephen. He ravaged the church, entered into homes and dragged Christian men and women to prison.

He hunted Christians... this was his job, he was good at it and he enjoyed it!

In **Acts 9** Saul is still threatening and slaughtering **(v.1)** Christians as he went to the High Priest in Jerusalem to get papers (hunting permit) to hunt Christians down in Damascus to bring them back bound to justice.

Unfortunately for Saul, the terrorist Christian hunter, there was a more Xtreme hunter hunting him... Jesus!

Jesus knocked Saul off his horse, blinded him and converted him on the road to Damascus.

Saul became better known as Paul and went on several missionary journeys into Europe and Asia and wrote most of the Books of the New Testament for millions since then to learn how to become terrorist hunters!

Saul or Paul never really stopped being a terrorist (depends on which side you're on)...

Paul was once a terrorist to Christians, hunting those he thought were terrorists to God. Paul was shown who the real terrorists to God were and so he became a terrorist to satan and his evil kingdom... he became an Xtreme terrorist against evil for God!

Paul wrote to us who he was hunting (and who was hunting us) in **Ephesians 6:12**, "For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places."

Like Paul... these are the terrorists that I hunt!

I (and others I know) hunt spiritual terrorists that are behind the flesh and blood terrorists in Afghanistan, in China, in Iraq, in North Korea... in every city and country of the world!

If Amnesty International, NATO, the EU, the UN, the USA and the World Court spent their time, energy, manpower and finances towards tracking down the real enemy, the face of this planet would change!

I throw this same gauntlet down in front of today's Christians.

If the world's church organizations, groups, leaders and sheep spent their time, energy, manpower and finances towards tracking down spiritual terrorists rather than on their personal lusts and luxuries, more of the physical enemy would be defeated and certainly more would enter into heavens gates!

The High Priest gave Saul a hunting permit to hunt down Christians...
God gave him a better hunting permit... to hunt down satan and his followers.

Each Christian has a hunting permit and hunting manual from God to do the same...
it's time every Christian was putting their terrorist hunting permit to use!

We also have the best terrorist tracker in the world on our side... the Holy Spirit!

Back-up support too... holy angels!

Cut out permit... copy... give out to other Christians...
hang on wall... put in wallet

Although we don't need a hard-copy terrorist hunting permit like Saul did, the one to the left here can be cut out and used in case an evil principality, power or wickedness in heavenly places asks to see credentials. They very rarely ask to see a permit, which includes a certificate from a Bible College or seminary, as they know whether you can fight or not!

Note: They've been known to run away when they see Xtreme terrorist hunters coming so SAFARI's can take time! Be patient!

Let's hunt the real terrorists of this planet! Good Hunting!
